### Why Hospitals Use a Liquid Laxative

Hospitals and doctors have always used liquid laxatives. And the public is fast returning to laxatives in liquid form. Do you know the reasons?

The dose of a liquid laxative can be measured. The action can thus be regulated to suit individual need. It forms no habit; you need not take a "double dose" a day or two later. Nor will a mild liquid laxative irritate

The right dose of a liquid laxative brings a perfect movement, and there is no discomfort at the time, or after.

The wrong cathartic may often do more harm than good.

A properly prepared liquid laxative like Dr. Caldwell's Syrup Pepsin brings safe relief from constipation. It gently helps the average person's bowels back to regularity. Dr. Caldwell's Syrup Pepsin is an approved liquid laxative which all druggists keep ready for use. It makes an ideal family laxative; effective for all ages, and may be given the youngest child. "ALICE IN WONDERLAND" "HARRY LANGDON COMEDY"

The film version of Lewis Carroll's immortal classic, "Alice in Wonderland" is an exact reproduction of the two famous fantasies, "Alice's Adventure In Wonderland," and "Through The Looking Glass." The fantastic settings, unusual make-up and novelty of the treatment and the fast-moving story all go to make the picture one of the outstanding hits of the season. Alice is there in the proson of Charlotte Henry, who was selected for the role out of more than 7000 applicants, the Duchess is there, the King and Queen Of Hearts, the White Rabbit, the Cheshire Cat, the White Knight and Humpty Dumpty.

More than forty first rank film stars are featured in the picture, the greatest cast ever assembled, including Richard Arlen, Gary Cooper, Louise Fazenda, W. C. Fields, baby LeRoy, Mae Marsh, Polly Moran, Jack Oakie and many others.

"Alice" is a fantasy, a comedy and a picture of peculiar beauty that the children will enjoy and the grown-ups will love.
